February, 2018

Dear Iris Friends,

There are more changes to the garden again. I have been growing a number of plants in the field behind our place but late last year the property was slated for development so now there are roads and lots for sale. I'm growing less of each variety for my listing so if you are interested in a certain plant please order early so you are able to receive it. I still grow most of my older introductions and if you want a particular one that isn't listed in this catalog, ask as we still may have it. Some of the irises on the web site are not listed here but are also available. You may email us at larry@lauersiris.com, or visit our web site at www.lauersiris.com for more information and prices.

I was very pleased with this last year's voting on the awards. OH CAROL received an Award of Merit, and HMs were awarded to FREE WILL, SWEET CHILD OF MINE, WILL and ADELLE, and GET BACK. HMs were also awarded to my IBs DEEP SECRET and LITTLE BLUE GIRL.

There are some interesting seedlings coming along in my reselect beds. OH CAROL, LADY LEIGH and STRUCK TWICE have been good breeders for bicolor and rebloomers. TIFF has also been a great parent. There are some lines and stripes coming along that are new and exciting. I can't wait to see what this new year will bring. And of course my rebloomers are still doing well.

Please go to our web site at www.lauersiris.com to see pictures of the varieties listed in the catalog and you may also email us at larry@lauersiris.com.
